

Village Comparison Document

Retirement Villages Act 1999 (Section 74)

This form is effective from 1 February 2019

ABN: 86 504 771 740

Name of village: Jeta Gardens at Bethania

Important information for the prospective resident

- The Village Comparison Document gives general information about the retirement village accommodation, facilities and services, including the general costs of moving into, living in and leaving the retirement village. This makes it easier for you to compare retirement villages.
- The *Retirement Villages Act 1999* requires a retirement village scheme operator to:
 - provide a copy of the Village Comparison Document to a prospective resident of the retirement village within seven days of receiving a request
 - include a copy of the Village Comparison Document with any promotional material given to a person, other than through a general distribution (e.g. mail-out)
 - publish the Village Comparison Document on the village's website so that the document, or a link to it appears prominently on each page of the website that contains, or has a link to, marketing material for the village
- You can access a copy of this Village Comparison Document on the village website at www.jetagardens.com.
- All amounts in this document are GST-inclusive, unless stated otherwise where that is permitted by law.

Notice for prospective residents

Before you decide whether to live in a retirement village, you should:

- Seek independent legal advice about the retirement village contract – there are different types of contracts and they can be complex
- Find out the financial commitments involved – in particular, you should understand and consider ingoing costs, ongoing fees and charges (which can increase) and how much it will cost you when you leave the village permanently
- Consider any impacts to any pensions, rate subsidies and rebates you currently receive
- Consider what questions to ask the village manager before signing a contract
- Consider whether retirement village living provides the lifestyle that is right for you. Moving into a retirement village is very different to moving into a new house. It involves buying into a village with

communal facilities where usually some of the costs of this lifestyle are deferred until you leave the village. These deferred costs when you leave your unit may be significant.

- Seek further information and advice to help with making a decision that is right for you. Some useful contacts are listed at the end of this document, including:
 - Queensland Retirement Village and Park Advice Service (QRVPAS) which provides free information and legal assistance for residents and prospective residents of retirement village. See www.caxton.org.au or phone 07 3214 6333.
 - The Queensland Law Society which can provide a list of lawyers who practice retirement village law. See www.qls.com.au or phone: 1300 367 757.

More information

- If you decide to move into a retirement village, the operator will provide you with a Prospective Costs Document for your selected unit, a residence contract and other legal documents.
- By law, you must have a copy of the Village Comparison Document, the Prospective Costs Document, the village by-laws, your residence contract and all attachments to your residence contract for at least 21 days before you and the operator enter into the residence contract. This is to give you time to read these documents carefully and seek professional advice about your legal and financial interests. You have the right to waive the 21-day period if you get legal advice from a Queensland lawyer about your contract.

The information in this Village Comparison Document is correct as at 6 June 2024 and applies to prospective residents.

Some of the information in this document may not apply to existing residence contracts.

The Scheme operator reserves the right at any time to vary the financial options available to new residents of the village.

The total ingoing contribution paid under a Pay As You Go is made up of a Bond Amount (which is refundable on exit) and an Ongoing Weekly Instalment Amount (rent) which represents an ongoing instalment contribution to the ingoing contribution. This amount may also be increased annually on 1 January each year to account for inflation and increasing wage costs in accordance with the total sum of the Wage Price Index (**WPI**) and Consumer Price Index (**CPI**) for the relevant period. You will be notified of the adjusted price in writing before 1 January each year.

The Bond Amount is not a bond for the purposes of the *Residential Tenancies and Rooming Accommodation Act 2008* (Qld).

Part 10 – Ongoing Costs - costs while living in the retirement village

General Services Charge: Residents pay this charge for the general services supplied or made available to residents in the village, which may include management and administration, gardening and general maintenance and other services or facilities for recreation and entertainment described at 7.1.

Maintenance Reserve Fund contribution: Residents pay this charge for maintaining and repairing (but not replacing) the village's capital items e.g. communal facilities, swimming pool. This fund may or may not cover maintaining or repairing items in your unit, depending on the terms of your residence contract.

The budgets for the General Services Charges Fund and the Maintenance Reserve Fund are set each financial year and these amounts can increase each year. The amount to be held in the Maintenance Reserve Fund is determined by the operator using a quantity surveyor's report.

Note: The following ongoing costs are all stated as weekly amounts to help you compare the costs of different villages. However, the billing period for these amounts may not be weekly.

Access to retirement village operational documents form for residents and prospective residents

Retirement Villages Act 1999 and Retirement Villages Regulation 2018

As a resident or prospective resident of a retirement village, you may ask to view or take a copy of selected operational documents for a retirement village. The retirement village scheme operator must supply the documents free of charge.

Your request to the scheme operator must be in writing and you must give the village operator a reasonable time, at least 7 days after giving your request, to supply the documents.

You can use the attached example form to make a request. This example form lists the operational documents you can request.

The operator must comply with the request, except when you have:

- given less than seven days-notice
- accessed the same documents within the last thirty days and there has been no material change to this document since this time
- requested personal information about another person.

If you are a prospective resident, you can also find the list of operational documents held by the operator of your village within the Village Comparison Document and The Prospective Costs Document for your village.
